**INDEPENDENT ACCOUNTANTS' COMPILATION REPORT**

Board of Directors  
Montgomery Alcoholic Beverage Control Board  
Biscoe, North Carolina

Management is responsible for the accompanying financial statements of the business-type activities and each major fund of Montgomery Alcoholic Beverage Control Board as of and for the six months ended December 31, 2017 and 2016, and the related notes to the financial statements, which collectively comprise the Board's basic financial statements as listed in the table of contents, in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statements nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on these financial statements.

The accompanying supplementary information is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management. The supplementary information was subject to our compilation engagement. We have not audited or reviewed the supplementary information and do not express an opinion, a conclusion, nor provide any assurance on such information.

Accounting principles generally accepted in the United States of America require that the Local Governmental Employees' Retirement System's Schedules of Proportionate Share of Net Pension Liability (Asset) and Contributions be presented to supplement the basic financial statements. Such information is presented for purposes of additional analysis and, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Such information is the responsibility of management. The required supplementary information was subject to our compilation engagement. We have not audited or reviewed the required supplementary information and do not express an opinion, a conclusion, nor provide any assurance on such information. During our compilation, however, we became aware that the required supplementary information had not been updated as required by accounting principles generally accepted in the United States of America.

As disclosed in Note 3 to the financial statements, accounting principles generally accepted in the United States of America require accounting and financial reporting for pensions as of a certain measurement period. Management has not updated the pension information due to unavailability of the actuarial valuation. Management has not determined the effect of this departure on the financial statements.

**MONTGOMERY ALCOHOLIC BEVERAGE CONTROL BOARD**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**December 31, 2017 and 2016**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**A. Principles used in determining the scope of the entity for financial reporting**

Montgomery ABC Board is a corporate body with powers outlined by G.S. 18B-701. The Town councils of Biscoe, Candor, Mt. Gilead, Star, and Troy appoint the ABC Board. The basic criteria of oversight responsibility was used to determine that the Towns do not exercise sufficient control to warrant inclusion of the ABC Board as part of the Towns' reporting entities.

Effective January 1, 2009, the Montgomery County Board of Commissioners appoints a board member in addition to the members appointed by the Town councils of Biscoe, Candor, Mount Gilead, Star, and Troy. This change to the ABC Board necessitated a change in the legal corporate name from Montgomery Municipal Alcoholic Beverage Control Board to Montgomery Alcoholic Beverage Control Board.

**B. Organizational History**

The Board was organized under the provisions of Senate Bill #170, Chapter 145 of the North Carolina legislature, General Assembly of 1969, March 31, 1969, and implemented by citywide elections in the Towns of Biscoe and Mount Gilead, North Carolina held May 6, 1969. The Town councils of Biscoe, Candor, Mount Gilead, Star, and Troy each appointed one member to serve on the Board.

The ABC Board, as provided by North Carolina Alcoholic Beverage Control laws, operates two retail liquor stores. North Carolina General Statute 18B-805(c)(2)(3) requires the ABC Board to expend at least 5% of profits for law enforcement.

**C. Basis of Presentation**

All activities of the Board are accounted for within a single proprietary (enterprise) fund. Proprietary funds are used to account for operations that are (a) financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the cost of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided periodic determination of revenues earned, expenses incurred, and/or the change in net position is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

**D. Basis of Accounting**

The financial statements have been prepared using the accrual basis of accounting. All sales are made by cash, check, debit or credit card and recorded at the time of sale. Other revenues are recorded when earned. Expenses are recognized when incurred. The ABC Board

**MONTGOMERY ALCOHOLIC BEVERAGE CONTROL BOARD**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**December 31, 2017 and 2016**

distinguishes operating revenues and expenses from nonoperating items. Operating revenues include liquor, mixed beverage, and wine sales. Operating expenses include cost of sales, store expenses, administrative expenses, and depreciation of capital assets. All revenues and expenses not meeting these definitions are reported as nonoperating revenues and expenses.

**E. Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the statement of net position date and reported amounts of revenue and expenses during the reporting period. Estimates are used to determine depreciation expense, the allowance for doubtful accounts, and certain claims and judgment liabilities, among other accounts. Actual results may differ from those estimates.

**F. Pensions**

For purposes of measuring the net pension liability/asset, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Local Governmental Employees' Retirement System (LGERS) and additions to/deductions from LGERS' fiduciary net position have been determined on the same basis as they are reported by LGERS. For this purpose, plan member contributions are recognized in the period in which the contributions are due. The ABC Board's employer contributions are recognized when due and the ABC Board has a legal requirement to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of LGERS. Investments are reported at fair value.

**G. Assets, Liabilities, and Net Position**

**Deposits**

All deposits of the ABC Board are made in board-designated official depositories and are collateralized as required by State law [G.S.159-31]. The ABC Board may designate, as an official depository, any bank or savings association whose principal office is located in North Carolina. Also, the ABC Board may establish time deposit accounts such as NOW and SuperNOW accounts, money market accounts, and certificates of deposit.

All the ABC Board's deposits are either insured or collateralized by using one of two methods. Under the Dedicated Method, all deposits that exceed the federal depository insurance coverage level are collateralized with securities held by the ABC Board's agent in the ABC Board's name. Under the Pooling Method, which is a collateral pool, all uninsured deposits are collateralized with securities held by the State Treasurer's agent in the name of the State Treasurer. Since the State Treasurer is acting in a fiduciary capacity for the ABC Board, these deposits are considered to be held by the ABC Board's agent in the ABC Board's name. The amount of the pledged collateral is based on an approved averaging method for non-interest bearing deposits and the actual current balance for interest bearing

**MONTGOMERY ALCOHOLIC BEVERAGE CONTROL BOARD**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**December 31, 2017 and 2016**

deposits. Depositories using the Pooling Method report to the State Treasurer the adequacy of their pooled collateral covering uninsured deposits. The State Treasurer does not confirm this information with the ABC Board or the escrow agent. Because of the inability to measure the exact amount of collateral pledged for the ABC Board under the Pooling Method, the potential exists for undercollateralization, and this risk may increase in periods of high cash flows. However, the State Treasurer of North Carolina enforces strict standards of financial stability for each depository that collateralizes public deposits under the Pooling Method. The ABC Board has no policy regarding custodial credit risk for deposits.

At December 31, 2017 and 2016, the ABC Board's deposits had a carrying amount of \$162,959 and \$189,212, respectively, and bank balances of \$131,447 and \$155,231, respectively. At December 31, 2017, all of the ABC Board's bank balances were covered by federal depository insurance. At December 31, 2017 and 2016, the ABC Board's petty cash fund totaled \$2,965.

**Investments**

State law [G.S. 159-30 (c)] authorizes the ABC Board to invest in obligations of the United States or obligations fully guaranteed both as to principal and interest by the United States; obligations of the State of North Carolina; bonds and notes of any North Carolina local government or public authority; obligations of certain non-guaranteed federal agencies; certain high quality issues of commercial paper and bankers' acceptances; and the North Carolina Capital Management Trust (NCCMT), an SEC registered (2a-7) money market mutual fund. At December 31, 2017 and 2016, the ABC Board had no investments.

**Cash and Cash Equivalents**

For purposes of the Statements of Cash Flows, the ABC Board considers all highly liquid investments (including restricted assets, if any) with a maturity of three months or less when purchased to be cash equivalents.

**Accounts Receivable**

Montgomery ABC Board had no accounts receivable at December 31, 2017 and 2016.

**Inventory**

Inventory is valued at the lower of cost (FIFO) or market.

**Capital Assets**

Capital assets are stated at cost and are being depreciated over their estimated useful lives on a straight-line basis as follows:

	<u>Useful life of asset</u>
Building and improvements	20 yrs.
Furniture and equipment	5-10 yrs.

**MONTGOMERY ALCOHOLIC BEVERAGE CONTROL BOARD**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**December 31, 2017 and 2016**

Capital asset activity for the six months ended December 31, 2017, was as follows:

	<u>Beginning Balances</u>	<u>Increases</u>	<u>Decreases</u>	<u>Ending Balances</u>
<b>Capital assets not being depreciated:</b>				
Land	\$ 20,000	\$ -	\$ -	\$ 20,000
<b>Capital assets being depreciated:</b>				
Building and improvements	174,560	-	-	174,560

<b>Less accumulated depreciation for:</b>

Furniture and equipment	117,108	1,471	-	118,579
Total accumulated depreciation	259,339	2,746	-	262,085
<b>Capital assets, net</b>	<b>\$ 60,899</b>			<b>\$ 58,153</b>

When an asset is disposed of, the cost and the related accumulated depreciation of the asset are removed from the books. Any gain or loss on the disposition is reflected in the earnings for the period.

Depreciation expense for the six months ended December 31, 2017 and 2016, was \$2,746 and \$2,760, respectively.

**Net Position**

Net position consists of the following:

- a. Net investment in capital assets - This component of net position consists of capital assets, including any restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any borrowings that are attributable to the acquisition, construction, or improvement of those assets. If there are significant unspent related debt proceeds at period end, the portion of the debt attributable to the unspent proceeds is not included in the calculation of net investment in capital assets. Rather, that portion of the debt is included in the same net position component as unspent proceeds.
- b. Restricted for working capital - North Carolina Alcoholic Beverage Control Commission Rule [.0902] defines working capital as the total of cash, investments, and inventory less all unsecured liabilities. An ABC Board shall set its working capital requirements at not less than two weeks' average gross sales of the last fiscal year or greater than four months' average gross sales of the

**MONTGOMERY ALCOHOLIC BEVERAGE CONTROL BOARD**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**December 31, 2017 and 2016**

last fiscal year. Average gross sales means gross receipts from the sale of alcoholic beverages less distributions required by State law [G.S. 18B-805 (b) (2), (3), and (4)].

- c. Unrestricted net position - This component of net position consists of net position that does not meet the definition of *restricted* or *net investment in capital assets*.

**NOTE 2 – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY**

**Noncompliance with North Carolina General Statutes**

No significant matters of noncompliance with fiscal and General Statute requirements have occurred.

**NOTE 3 – PENSION PLAN OBLIGATIONS**

**Local Governmental Employees' Retirement System**

*Plan Description:* The ABC Board is a participating employer in the statewide Local Governmental Employees' Retirement System (LGERS), a cost-sharing, multiple-employer, defined benefit pension plan administered by the State of North Carolina. LGERS membership is comprised of general employees and local law enforcement officers (LEOs) of participating local governmental entities. Article 3 of G. S. Chapter 128 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. Management of the plan is vested in the LGERS Board of Trustees, which consists of 13 members – nine appointed by the Governor, one appointed by the State Senate, one appointed by the State House of Representatives, and the State Treasurer and State Superintendent, who serve as ex-officio members. The Local Governmental Employees' Retirement System is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes financial statements and required supplementary information for LGERS. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, by calling (919) 981-5454, or at [www.osc.nc.gov](http://www.osc.nc.gov).

*Benefits Provided:* LGERS provides retirement and survivor benefits. Retirement benefits are determined as 1.85% of the member's average final compensation times the member's years of creditable service. A member's average final compensation is calculated as the average of a member's four highest consecutive years of compensation. Plan members are eligible to retire with full retirement benefits at age 65 with five years of creditable service, at age 60 with 25 years of creditable service, or at any age with 30 years of creditable service. Plan members are eligible to retire with partial retirement benefits at age 50 with 20 years of creditable service or at age 60 with five years of creditable service. Survivor benefits are available to eligible beneficiaries of members who die while in active service or within 180 days of their last day of service and who have either completed 20 years of creditable service regardless of age or have completed five years of service and have reached age 60. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions. The plan does not provide for automatic post-retirement benefit increases. Increases are contingent upon actuarial gains of the plan.

**MONTGOMERY ALCOHOLIC BEVERAGE CONTROL BOARD**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**December 31, 2017 and 2016**

*Contributions:* Contribution provisions are established by General Statute 128-30 and may be amended only by the North Carolina General Assembly. The ABC Board employees are required to contribute six percent of their compensation. Employer contributions are actuarially determined and set annually by the LGERS Board of Trustees. The ABC Board's contractually required contribution rate for the six months ended December 31, 2017, was 7.62% for general employees, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year. The ABC Board does not employ any law enforcement officers. The ABC Board's contributions to LGERS for the six months ended December 31, 2017 and 2016, were \$4,510 and \$4,249, respectively.

*Refunds of Contributions:* Board employees who have terminated service as a contributing member of LGERS may file an application for a refund of their contributions. By State law, refunds to members with at least five years of service include 4% interest. State law requires a 60 day waiting period after service termination before the refund may be paid. The acceptance of a refund payment cancels the individual's right to employer contributions or any other benefit provided by LGERS.

***Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions***

The net pension liability, deferred outflows of resources, deferred inflows of resources, and pension deferrals have not been updated to the measurement date June 30, 2017, using the December 31, 2016, actuarial valuation because these calculations are not available yet from LGERS. Therefore, the ABC Board is still reporting the net pension liability and related deferrals as reported in its June 30, 2017, financial statements, which were measured as of June 30, 2016. This is a departure from accounting principles generally accepted in the United States of America. The ABC Board has not determined the effect of this departure on the financial statements but feels any effect would be immaterial.

At June 30, 2017, the ABC Board reported a liability of \$32,684 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2016. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2015. The total pension liability was then rolled forward to the measurement date of June 30, 2016, utilizing update procedures incorporating the actuarial assumptions. The Board's proportion of the net pension liability was based on a projection of the Board's long-term share of future payroll covered by the pension plan, relative to the projected future payroll covered by the pension plan of all participating LGERS employers, actuarially determined. At June 30, 2016, the Board's proportion was 0.00154%, which was an increase of 0.00005% from its proportion measured as of June 30, 2015.

**MONTGOMERY ALCOHOLIC BEVERAGE CONTROL BOARD**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**December 31, 2017 and 2016**

For the fiscal year ended June 30, 2017, the Board recognized pension expense of \$10,344. At June 30, 2017, the Board reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 614	\$ 1,145
Changes of assumptions	2,239	-
Net difference between projected and actual earnings on pension plan investments	18,071	-
Changes in proportion and differences between Board contributions and proportionate share of contributions	3,853	-
ABC Board's contributions subsequent to the measurement date	<u>8,679</u>	<u>-</u>
 Total	 <u>\$ 33,456</u>	 <u>\$ 1,145</u>

\$8,679 reported at June 30, 2017, as deferred outflows of resources related to pensions resulting from Board contributions subsequent to the measurement date will be recognized as a decrease of the net pension liability in the year ending June 30, 2018. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year Ending June 30,</u>	
2018	\$ 4,394
2019	4,391
2020	9,359
2021	5,488
2022	-
Thereafter	-

*Actuarial Assumptions:* The total pension liability in the December 31, 2015, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.0 percent
Salary increases	3.50 to 7.75 percent, including inflation and productivity factor
Investment rate of return	7.25 percent, net of pension plan investment expense, including inflation

**MONTGOMERY ALCOHOLIC BEVERAGE CONTROL BOARD**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**December 31, 2017 and 2016**

The plan currently uses mortality tables that vary by age, gender, employee group (i.e., general, law enforcement officer) and health status (i.e., disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2015, valuation were based on the results of an actuarial experience study for the period January 1, 2010, through December 31, 2014.

Future ad hoc COLA amounts are not considered to be substantively automatic and are therefore not included in the measurement.

The projected long-term investment returns and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers, and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. Global public equity return projections are established through analysis of the equity risk premium and the fixed income return projections. Other asset categories and strategies' return projections reflect the foregoing and historical data analysis. These projections are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class as of June 30, 2016, are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Fixed Income	29.0%	1.4%
Global Equity	42.0%	5.3%
Real Estate	8.0%	4.3%
Alternatives	8.0%	8.9%
Credit	7.0%	6.0%
Inflation Protection	6.0%	4.0%
Total	<u>100.0%</u>	

The information above is based on 30 year expectations developed with the consulting actuary for the 2016 asset, liability, and investment policy study for the North Carolina Retirement Systems, including LGERS. The long-term nominal rates of return underlying the real rates of return are arithmetic annualized figures. The real rates of return are calculated from nominal rates by multiplicatively subtracting a long-term inflation assumption of 3.00%. All rates of return and inflation are annualized.

**NOTES TO THE FINANCIAL STATEMENTS**  
**December 31, 2017 and 2016**

*Discount Rate:* The discount rate used to measure the total pension liability was 7.25%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on these assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

*Sensitivity of the Board’s Proportionate Share of the Net Pension Liability (Asset) to Changes in the Discount Rate:* The following presents the Board’s proportionate share of the net pension liability calculated using the discount rate of 7.25 percent, as well as what the Board’s proportionate share of the net pension asset or net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.25 percent) or one percentage point higher (8.25 percent) than the current rate:

	1% Decrease <u>(6.25%)</u>	Discount Rate <u>(7.25%)</u>	1% Increase <u>(8.25%)</u>
Board’s proportionate share of the net pension liability (asset)	\$ 77,574	\$ 32,684	\$ (4,812)

*Pension Plan Fiduciary Net Position:* Detailed information about the pension plan’s fiduciary net position is available in the separately issued Comprehensive Annual Financial Report (CAFR) for the State of North Carolina.

**Death Benefits**

Montgomery Alcoholic Beverage Control Board has elected to provide death benefits to employees through the Death Benefit Plan for members of the Local Governmental Employees’ Retirement System (Death Benefit Plan), a multiple employer, State-administered, cost-sharing plan funded on a one-year term cost basis. The beneficiaries of those employees who die in active service after one year of contributing membership in the System or who die within 180 days after retirement or termination of service and have at least one year of contributing membership service in the System at the time of death are eligible for death benefits. Lump sum death benefit payments to beneficiaries are equal to the employee’s 12 highest months’ salary in a row during the 24 months prior to the employee’s death, but the benefit may not exceed \$50,000 or be less than \$25,000. Because all death benefit payments are made from the Death Benefit Plan and not by the ABC Board, the ABC Board does not determine the number of eligible participants. The Board has no liability beyond the payment of monthly contributions. The contributions to the Death Benefit Plan cannot be separated between the postemployment benefit amount and the other benefit amount. Contributions are determined as a percentage of monthly payroll based upon rates established by the State. Separate rates are set for employees not engaged in law enforcement and for law enforcement officers. The Board considers these contributions to be immaterial.
